BROCHURE

SLIDE SELECT SYSTEM

FEATURES

Introducing the revolutionary Club Line, featuring the highly acclaimed Slide Select System. Unlike traditional selectorized machines, the Slide Select System eliminates guide rods and selector pins, reducing the need for maintenance and providing a smoother function for a more comfortable workout experience. And with built-in smaller weight adjustment in five-pound increments on the two hundred- and three-hundred-pound systems, the Club Line offers unrivaled versatility for your fitness needs.

But what truly sets the Club Line apart is its leverage weight system. Say goodbye to the clanging noise of weight plates with our innovative design that significantly reduces noise during your workout. In fact, tests conducted in our R&D lab using a decibel meter and vibration testing showed that the Club Line machines were 30% quieter on average when taking readings from the user's position during each repetition. This means you can enjoy a peaceful workout environment, free from the distractions of traditional weight stack systems.

Choose the Club Line for a unique and unparalleled fitness experience that's both effective and enjoyable.

EASY TO USE

CLUB LINE

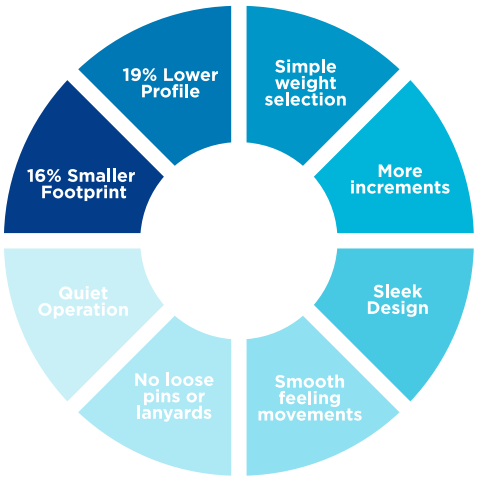

The new CLUB LINE from HOIST® fitness offers a smaller, quieter option to owners looking for more space in their facility with the premium equipment that only HOIST® Fitness can offer.

Compared to six major competitors,the original 8 CLUB LINE units take up 8-25% less floor space per machine, leaving more room for facilities to utilize. Competitors also have machine profiles that are 8-27% taller, significantly obstructing and cluttering views.

Each unit has a convenient accessory tray for keys, a phone, and water bottle as well as easy weight selection from a seated position.

> ***"The Club Line has a very naturally smooth and consistent feel across the line. And I like the dampening feeling after completing a rep with no crashing weight stacks. Also, the Slide Select System is completely unique and easy to use.***

HOIST CUSTOM

WRAPS & LOGO DECALS

HOIST® Fitness is proud to continually offer the most in versatility and customization. Take advantage of HOIST Fitness's custom Logo Decals and Shield Wraps for Club Line, ROC-IT® RS Selectorized, and HD Dual® Products to give your equipment a custom look to fit seamlessly with your brand and facility.

Shield wraps and logo decals are available for all Club Line (CL), ROC-IT Selectorized (RS), and HOIST Dual (HD) units at an additional cost. Due to wrap material, colors are subject to variation and exact PMS or CMYK color matching cannot be guaranteed. For optimal color matching, please provide CMYK color codes.

DISCLAIMER PLEASE READ CAREFULLY: Actual frame and upholstery colors may differ from printed color samples and mock-ups shown. These mock-ups should be considered reference only. Due to the printing materials and method used, colors are subject to variation and color matching cannot be guaranteed. To help us match colors as closely as possible, please provide specific CMYK color codes per each color required and be advised that Neon colors are not available. Please note that as standard practice we will be placing HOIST logos at the top of the artwork as depicted in the proof.
