Ultra Rotary Torso

G7-S55-AS2007

Powerful and comfortable, the Ultra Rotary Torso offers an intuitive way to strengthen core and back muscles. A kneeling position minimizes lower-back stress while stretching hip flexors, and contoured knee pads make use comfortable and stable. Oversized handlebars fit a variety of users without adjustment, while eight starting positions accommodate different ranges of motion. It includes knee pad covers to protect the upholstery at touchpoints.

Also available in **Ultra Base option G7-S55B.**
