MATRIX

Versa Diverging Lat Pulldown

The versatile design of our Versa Diverging Lat Pulldown station makes refining and building lats more effective, efficient and comfortable. Independent diverging motion encourages a natural, smooth path, while independent arm movement offers exercise variety. An angled seat encourages proper user positioning, and the thigh pad easily adjusts to maximize stability and comfort for users of all sizes.

- Independent diverging movement provides a natural path of motion
- Angled seat encourages proper user position
- Thigh pad easily adjusts to provide stability and comfort
