DISCOVERY™ STRENGTH BENCHES & RACKS

# Power Rack

## DBR0610

The foundation of any facility, the Discovery Strength Power Rack, is the perfect tool for seasoned lifters and those new to strength training. The enhanced functional capability of the Power Rack allows for the use of bands, chains, torso trainers, battle ropes, suspension fitness training, and more, along with traditional Power Rack exercises.

Engineered for biomechanical precision and built to withstand high-volume use, Discovery Benches and Racks offer a robust solution for strength training environments. Each piece combines intelligent design with functional durability to empower exercisers of all levels to train with confidence.

DISCOVERY™ STRENGTH BENCHES & RACKS

# Power Rack

## DBR0610

## Product Features

### STORAGE

The ten weight storage horns neatly accommodate bumper plates. The Olympic Bar and functional apparatus storage is conveniently positioned to enhance accessibility.

### DUAL CHIN-UP/PULL-UP HANDLES

Dual Chin-Up and Pull-Up Handles with step-up and weight assist band hooks allow for numerous chin-up and pull-up opportunities for a wide range of exercisers.

### SECURE & STURDY

The heavy-duty, fully welded dual-pin system on the bar catches and safety rails provide maximum durability, stability and ease of adjustment. Both feature quick changeover, high impact, polyurethane covers and inserts to protect all wear surfaces from metal-on-metal contact, preserving the paint finish of the Power Rack.

### STRAIGHT BAR

A smooth, straight Pull-Up/Chin-Up bar allows for kipping style pull-ups, chin-ups, and muscle-ups, as well as a convenient anchor point for suspension fitness training apparatuses.

### OPTIONAL BAND PEGS

Pegs allow for the use of loop style bands to add progressive resistance to barbell training movements.

### RUBBERIZED STEP-UPS

Convenient steps allow for easier access to the Chin-Up/Pull-Up stations and are dipped to enhance durability and provide a slip-resistant surface. The step is angled to create a convenient Olympic Bar storage point and catch for performing deadlift exercises. The round gusset beneath the step-up allows for the anchoring of battle ropes.

## Specifications

**Dimensions (L x W x H):** 83 x 63 x 98.5 in / 206 x 160 x 250 cm

**Product Weight:** 613 lb / 278 kg

**Max Lift Load Capacity:** 800 lb / 363 kg

**Max Storage Weight:** 1800 lb / 817 kg

**Recommended Plates:** 2 x 5 lb, 4 x 10 lb, 4 x 25 lb, 4 x 35 lb, 6 x 45 lb
