RESOLUTE™ STRENGTH SELECTORIZED

Rotary Torso

RSL0315

Resolve to make your selectorized strength equipment purchase with confidence—choose the Resolute™ Strength line from Precor. It delivers on what matters most: your investment will withstand the test of time.

The unique ratcheting system on the Resolute Strength Rotary Torso easily adjusts the start position to the left or the right so exercisers can work the oblique muscles on both sides of their torso. Strategically placed pads ensure proper posture for the rotation.

RESOLUTE™ STRENGTH SELECTORIZED

Rotary Torso

RSL0315

Product Features

PROVEN BIOMECHANICS

The cylindrical arm, seat, and back pads support the posture of the exerciser as they rotate to engage their obliques. The Resolute Rotary Torso provides resistance for rotation in both directions, providing a complete oblique workout.

DESIGNED TO GO THE DISTANCE

The upholstered pads of the Resolute Rotary Torso underwent 1.2 million cycles of testing to ensure that this machine will be a durable workhorse for any facility. All the pivot and adjustment points are designed for quiet operation for years to come.

FOCUSED ON THE EXPERIENCE

No workout is complete if only one side is worked. The unique ratchet system on the Rotary Torso allows the exerciser to easily adjust the start position from left to right and back from a seated position.

Specifications
