VITALITY™ STRENGTH SELECTORIZED

Leg Press / Calf Extension

VSL010BP

The Vitality™ Strength Selectorized line provides a compact, value-priced conditioning circuit that fits the space and budget requirements for a wide range of facilities, from hospitality to multi-family residential to community centers. New contemporary styling allows you to enhance the Vitality Strength Selectorized training experience with pieces from Vitality Benches & Racks and Resolute Strength™ Selectorized.

The Vitality Leg Press/Calf Extension features an articulating foot pad that stays vertical to mimic a squat movement and allows for full extension during calf exercise. Ratcheting seat back allows for desired start position. Exercisers can easily engage the add-on weight with a simple push of a lever to increase the work load.

VITALITY™ STRENGTH SELECTORIZED

Leg Press / Calf Extension

VSL010BP

Product Features

WALK-THROUGH DESIGN

This convenient design allows exercisers to enter and exit on either side of the unit, a very beneficial feature when space is limited.

LARGE FOOT PLATFORM

The large foot platform allows exercisers of all sizes to adjust foot placement as needed, and have the space to change positions for exercise variety.

SMOOTH MOTION PATH

The design of the foot pad assembly ensures that there is a smooth and natural path of motion, much like that of a standing squat.

HELPFUL GUIDANCE

The conveniently located instructional placard provides step-by-step guidance on body position, movement and muscles worked.
